20080219

PARTNERSHIP MEETING MINUTES

MEETING began at 0800 on 20080219; attendees were Stuart Driesbach, Paul Tumidolsky, Stephen Cook, Dave Marcum, and Ed Jenkins.

1. OLD BUSINESS:

a. Running Track – OPEN

COL Driesbach continues to follow-up with COL Clouse

b. Reels in hangar – OPEN

New maintenance tracking system coming on-line for the state and issue will be addressed then.

2. NEW BUSINESS:

a. Time off – CLOSED

Time off to support the battalion's MUTA 6 and ever changing drill schedule was addressed. Several options were outlined for employees:

1. Comp time will be authorized if there is a need and the supervisors can justify having people stay late or open on a closed Monday.

2. Employees on 4/10 shifts can switch their day off provided their day off is not already Friday.

3. Employees can also drill in a TECH status and either do a MUTA 4 or make-up the missed MUTA 2 at a later date. This is pending unit approval. COL Driesbach was going to talk to CPT Durbin about this issue.

3. The date and time of the next meeting will be announced at a later date.
