New Business:

Issue 2007-01 Proposed Performance Appraisal Cycle change.

At this time the East LPC determined by consensus that we could not support the change to all Technicians performance appraisals ending on the same day.

After weighing the pros and cons of this issue, we feel the current system works and with no firm date for NSPS enactment for majority of technicians that it is not feasible to change now.

The Pros for the issue were:

1. In theory this is a good idea
2. Eases the management oversight of appraisals
3. Knowing exactly when appraisals are due
4. Not being spread out all year
