Items discussed:

Old Business:

Through research on issue 2007-04, found that TPR 300 section 302 addressed the uniform question in 2007-02. This section addresses wear of military uniform and when it is not necessary to wear the military uniform.

New Business:

Issue 2007-04 Why is it not possible for on-board techs to transfer to another shop with out going through the interview process. They already accomplished this to be an on-board Tech.

Researching of TPRs found no guidance on this subject. AGOR 750-1 Chapter 1, Section 1-2, Paragraph c. says that:
The Deputy Surface Maintenance Manager establishes a program to monitor personnel placement in all maintenance facilities.

All LPC members present support a program that allows transfer of on-board techs if for hardship reasons. Management members did state that it should only be considered after the probationary period has been completed.

All LPC members from the east think we need to consult with the West Region and CSMS LPCs to formulate a state wide consensus on this issue.
