DUTIES:

This Drill status position is located in an Air National Guard Aviation Wing, Maintenance Group. The primary purpose of this position is to establish and execute a planned systematic approach of quality assurance for all areas of aircraft maintenance, designed to provide the maintenance managers confidence that aircraft, aircraft systems, munitions, equipment, products or supporting processes conform to technical, safety, work load and customer requirements. The overall objective is to ensure that quality considerations are addressed and requirements achieved for all aircraft maintenance work and support functions to ensure end items perform as intended with reliability. Serves as the primary technical advisory process in the maintenance organization designed to assist maintenance managers. Serves as the Quality Assurance Specialist (QAS) for the planning, implementation and execution of a quality assurance program that includes the full range of quality principles, concepts, inspection techniques, surveillance and evaluations related to quality assurance functional programs of all assigned aircraft, aircraft components, aerospace ground equipment, electronic equipment & systems, armament, munitions, engines, associated systems and maintenance personnel from numerous job series, and maintenance disciplines.
