

Medical Reviewer Key Considerations

Leave Outside the Local Area would generally NOT be recommended, based on Medical Review

NOTE: If not recommended, ETPs may be considered, based on individual circumstances, IAW SecDef Travel Restrictions Policy, dated 22 May 2020 (e.g. to prevent extreme hardship for SM and/or the SM's Family)

Leave Outside Local Area would generally be recommended, based on Medical Review

* As determined by reviewing John Hopkin's University COVID-19 data-source website (see #4 in Resources & References block, in upper-right-hand corner of this slide)

Medical Reviewer

Approver Review

Strongly consider Medical Reviewer's Recommendation

Purpose of Leave (e.g. vacation, bereavement, medical, etc.)

How SM's absence will impact mission

SM's ability to perform mission and duties, upon return (telework, quarantine, etc...)

Other factors that the Command deems pertinent

Approver Key Considerations

- Resources and References**
1. HRO Policy # 20-028.
 2. SM leave packet, including memo, DRAW, and pre-screen form, JFHQ Staffing form.
 3. State Government websites indicating travel restrictions. <https://www.nytimes.com/2020/07/10/travel/state-travel-restrictions.html>) is a useful resource to assist.
 4. Johns Hopkin's University Coronavirus data-resource link * <https://coronavirus.jhu.edu/>

If original leave request is submitted more than 72 hours prior to departure, a re-review of pre-screen and COVID prevalence data is REQUIRED

Approver makes determination on leave request
